The Respected sir/madam

Manager

Hyderabad.

Sub: Applying for a job in your company.

Respected sir/madam,

I am applying for the developer position in your company as it is a role I can perform well and I hope my working skills are very helpful for the company. Recently I saw THE HINDU news paper. In that your company has published that there are some job vacancies so I thought that I am suitable for that role.

I am the type of person who understands each and everything and if it is a complex one then I will try my level best.

If I succeed in my application, I assure you that I will perform all my duties. As a fresher I have no work experience but while working on some projects I learn some skills. I hope those skills and innovation will be helpful while working in your company.

Thank you for considering my candidacy for this position. I hope to hear from you soon to schedule an interview.

Your's sincerely,

P.Ujwala Devi
